Incident reports still pending entry into the RMS system will not be included. Any reports with missing or incomplete information may not be properly depicted in this report. Address locations are anonymized. Information may change as data is entered and/or updated. Implementation of a new Records Management System (RMS) occurred October 10, 2015. Data from the previous RMS is limited to original reports only; all fields might not be updated on the original report. This report is based on Arizona Revised Statutes which are not equivalent to Uniform Crime Reporting Statistics and therefore this data cannot be directly compared to data from other states or UCR reports. Data excludes unfounded reports. Date range is based on the report date if the date of occurrence is not available. Offense codes include 13-11% and 451% (homicide), 901H (dead body), FI-VCB_030 (homicide), and FI-VCB_070 (death investigation) excluding attempts. There may be more than one offense code listed on each report; the listed offense code is the primary offense if available, otherwise it is the first listed offense code on the report. There may be other victims listed on the incident reports who do not meet the criteria of American Indian/Alaskan Native female. Data only includes incidents that are open/pended. Includes all records in the Records Management System as of 11/16/2018 11:33:08AM - any records prior to 1992 may not be included.
